Good Afternoon,

I received the notice to the bar from Judge Grant regarding remote courts. I agree with most of the procedures. I would like the directive to speak more regarding DUI's. To have a trial I agree should be in person, but to just come in for a status conference or request a postponement for discovery or something along those lines, I believe should be remote. I also would believe that in the event there is a loss of license that could be a consequence in a court matter, instead of coming to court, the attorney or Defendant could mail the DL of the Defendant to the Court.

Thank you for your considerations.

Regards,
